

GOCARDLESS

GoCardless for QuickBooks Online

Take control of your payments with GoCardless, the UK's leading Direct Debit provider, and ensure your invoices get paid on time, every time. With automatic reconciliation within QuickBooks Online, GoCardless will improve your cash flow and reduce your admin. Join over 30,000 businesses processing over £1bn a year with GoCardless and say goodbye to late payments.

Reduce admin

Stop chasing customers and automatically reconcile invoices with payments.

Get paid on time

Collect payments automatically for your QuickBooks Online invoices as soon as they're due.

Reduce costs

Free integration. Pay just 1%, capped at £2 per transaction, with no set up costs or hidden fees.

Core Features

Quick and easy set up:

- ✓ Invite customers to sign up online
- ✓ Manage mandates, customers and your GoCardless account without leaving QuickBooks Online
- ✓ Automatically sync your QuickBooks Online customers

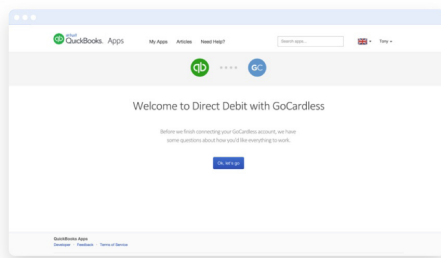

Flexible payments:

- ✓ Create an invoice in QuickBooks Online and collect payment automatically
- ✓ Collect regular payments on any day of the month
- ✓ Automatically notifies your customers 3 days before a payment is taken

Automatic reconciliation:

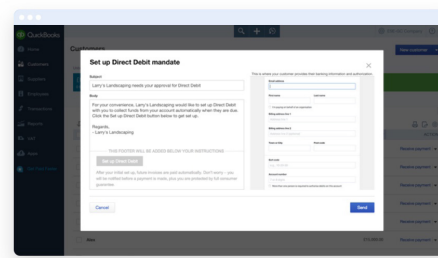

- ✓ Automatically reconcile bank feeds, GoCardless fees and mark your invoices as paid in QuickBooks Online
- ✓ Real-time notification of failed payments or cancelled mandates

Signing up to GoCardless for QuickBooks Online is quick and simple

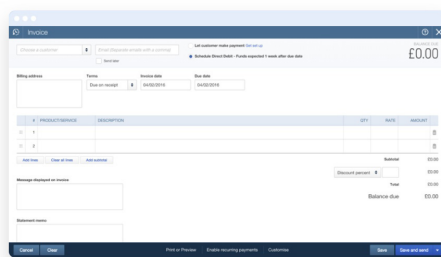

1 Connect your account

Get started in minutes by creating a GoCardless account and connecting it to your QuickBooks account.

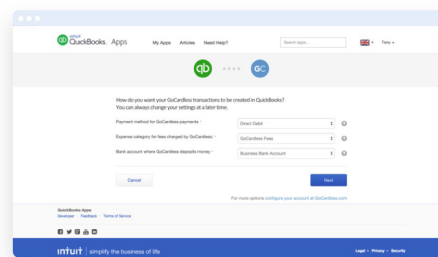

2 Set up your customers

Select individual or multiple customers to send a Direct Debit mandate request to. Alternatively, you can import your existing GoCardless mandates.

3 Start collecting payments

Each time you create an invoice you can choose to schedule a payment to collect by Direct Debit on the invoice due date.

4 Automatically reconcile invoices

Once you've received payment, the relevant invoices will be marked as paid and the GoCardless fees will also be posted as an expense automatically.

"GoCardless has simply revolutionised the way UK accountants and bookkeepers get paid and eliminated debtors. And now it works inside the world's most advanced cloud accounting system, QuickBooks Online, it is going to make the collection and recording of income a breeze."
